HealthPlex  
333 Earl Ovington Blvd,  
Suite 300  
Uniondale, NY 11553-3608

Attention: Kelly Andron, Supervisor, Credentialing Department

Dear Kelly,

I wanted to let you know that the staff at HealthPlex has been very easy to work with. Credentialing applications are turned around in a very timely manner, and we are contacted immediately if additional information is required.

The credentialing and recredentialing service fee was the best I could find. The company is very stable and appears to have little evident staff turnover. It's nice to be able to work with the same person over the years that we have contracted with HealthPlex.

I have recommended your services to a number of Ambulatory Surgery Center clients. Those who have farmed the credentialing service out to your company have been very pleased with the service.

Should you require any additional information, please feel free to contact me via e-mail at [mbb@medicalmanagement.com](mailto:mbb@medicalmanagement.com) or via telephone.

Sincerely,

Mary Beth Black, C.P.C  
Senior Associate
